

KITCHEN VIEWS

www.kitchenviews.com

Dear Friends,

I am excited to announce that Kitchen Views Custom will be moving to a fabulous new location in mid-May. Located at 64 Needham Street in Newton, our new showroom will feature 17 state-of-the-art displays, each one designed by a member of our award-winning design team.

And of course, we're not only showing kitchens...cabinetry for the media room, bath, bar, and mudroom are shown in a variety of styles, woods, and stains. In addition, a new line of cabinetry, manufactured by Corsi, will be featured in the showroom, highlighting an incredible color palette and the unique design of their Logan Inset cabinetry.

Now that the baby boomers in town are making "60 the new 50", we have incorporated universal design elements in most of our displays, recognizing that many people want to include ergonomic design so they can "age in place." In one display, we have shelving in kitchen wall cabinets that can be "pulled-down" to reach from a seated position. A fully accessible vanity with a distinct Asian flair is another showroom "wow" factor, with a countertop and sink fabricated out of concrete.

Finally, I am proud to report that the new Kitchen Views Custom showroom was built using a high-percentage of eco-friendly products—from recycled glass countertops and "green" cabinetry, to stylish cork flooring and Benjamin Moore's low VOC Aura paint. You'll see that we promote "green" building with a wide selection of cabinetry that provides the look and feel of luxury, while building smarter and greener.

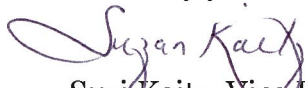

The fact is, we can't wait to open the doors and show off! There will be so much to see and many wonderful surprises.

In the meantime...**Kitchen Views Custom will be open for business at 718 Beacon Street until 5pm on Friday May 9.** Please pardon the organized chaos as we pack and disassemble our displays.

From May 10 until we open our new showroom, our business offices will be open on the second floor of National Lumber, 15 Needham Street, from 9am to 6pm and our design team will be available to meet with you anytime, but by appointment only. Please call 617-244-VIEW (8439) for updates, questions, or to schedule an appointment.

The Kitchen Views team and I hope to see you soon. We look forward to sharing our excitement and creativity with you.

Sincerely yours,

Suzi Kaitz, Vice President
General Manager
